 2019-2020 - ABOR Foundation Scholarship Committee Chair  
 Habitat for Humanity builder - 9 years

### **Why do you want to serve as an ABoR director?**

I want to be the eyes and the ears in the field and help to elevate our Board even more in the coming years. I've admired what the current board has accomplished and I hope to continue on this trajectory and raise the bar in our industry.

I am the best candidate for this position because I am not a stranger to serving others. Currently I sit on the Thrivent Financial Regional Board of Directors and have been for the past 3 years. I understand how a Board must work together for the betterment of the community in which you serve, in this case, our members. Each member of the Board brings something unique and different to the table and that is what makes it better. I have been a well respected member of the Austin Board of Realtors since 2004 and have served in different capacities including Licensed Assistant, Realtor, Broker Associate, Team Leader, and Mentor.

My passion is serving others not only in a real estate transaction but in life. I am a hardworking Mother of two middle school children and am the breadwinner of my family. The ability to serve on this Board is a privilege and one that I will not take lightly. I am a good listener and an excellent communicator. I will be a great addition to the current Board. Thank you for your consideration.

### **What do you do in your personal time? Do you have any hobbies?**

In my personal time, I enjoy working on our small 12 acre farm in Liberty Hill. We have a variety of rescue animals including dogs, cats, chickens, turkeys, peacocks, ducks, a baby goat and 2 piggies. Green Acres is the place to be!

You can also sometimes see me singing on stage where I sit in with a few local bands around town from time to time. I also enjoy fishing, kayaking, water sports, and snow skiing.
