- Member of Nexus Recovery Center and AIDS Arms in Dallas, TX

Why do you want to serve as an ABoR director?

My interest in being an ABOR Director stems from wanting to be a more engaged and informed Realtor and homeowner; to be a liaison between ABOR and those we serve- in the communities we serve; to more accurately reflect our membership and to be a voice for those groups who are often not represented, heard or whose perspective is missing from the important discussions and decisions involving matters of homeownership and business practices.

What do you do in your personal time? Do you have any hobbies?

Married for 21 years, my husband and I stay busy parenting two active teenage sons. I love the arts and good food so I'm often attending area festivals, concerts, exhibits and trying out the hottest new brunch spots in town, catching up on movies and will squeeze in a massage if I can if not traveling with friends or family. I also continually volunteer and serve the community through various initiatives and activities as a member of Delta Sigma Theta Sorority, Inc., a public service sorority; also serving as Arts & Letters Committee Co-chair.
